Just to let you know...

In Science we have been hunting for bugs and investigating their habitats... from the pond, to the woods to the Downs!
Ask your child about any unusual bugs they found and the habitat they found them in.

In group maths the children have been finding out about different types of data.
They have drawn graphs and charts, as well as asking and answering questions about the information.

In class maths the children have been working on capacity, comparing different sized containers and reading scales.

A massive thank you to everyone for helping make this years Bentley Copse such a huge success. The children had a fantastic time, despite the rain and have enjoyed writing about their favourite activities and memorable incidents!

Swimming as normal for 4TJ on Wednesday.

Dates for your Diary!
