

Library request!

Katie Larkin has very kindly offered to be our librarian this term. Please remind the children to bring back their library books every Friday so that they can choose a new book.

This week...

We began the week with an exciting carousel of sense-based activities revolving around Pudding Lane in preparation for our visit to the Farmer's Market. We explored smells, sounds, feelings and sights of a 1666 market compared with a modern market. We had a fantastic time at the Farmer's Market the next day! It was made even more exciting by spotting Mary Berry filming in the high street! Thanks to all the adults who came along, we couldn't have done it without you! We enjoyed playing with the Bee-Bots, giving them instructions to move around Pudding Lane, and the children learnt about how to use the i-pads to control a Bee-Bot as well. Thanks to our Digital Leaders for supporting their class-mates as they explored the i-pads.

Phonics / Spellings!

We will be exploring a sound family each week and sending home a list of spelling words that have that sound in. Look out for your child's phonics book in their bag.

Maths corner

This week we have been learning about data handling. We learnt how to create a tally chart during the senses carousel and also at the Farmer's Market. We then used this data to create a bar graph showing the most commonly found stalls at the Farmer's Market.

Can you create a tally chart and a bar graph of your own? Maybe look at the traffic on your road and record the colour of each car.

JTLYK

Year 2: Walnut and Chestnut
10.10.14

Advanced warning!

Please note that 1666 day is now on **Monday 20th October!** Your child will need a costume (hence the advanced warning!) Costumes can be as simple as shirt and waistcoat with flat cap (boys) and shawl and a skirt for girls!
