

Friday 27th April

Run to Rio

Your children are super runners! In any spare minutes they have been running round the field and their laps are mounting up! We will be giving out 5 mile achievement stickers very soon!

Year 2 JTLYK

Maths

We have continued to work on telling the time this week as well as solving some money puzzles and going over the 2x, 5x and 10x tables.

For 'Home Fun' this week we have included a shopping puzzle and an addition and subtraction challenge for your child.

Natural History Museum 19th June

Next week please look out for a letter with more details about this super trip. If you think you might be able to help please keep this date free.

Art

What amazing dinosaur paintings the children have created! They have very carefully fine lined them now ready for the dinosaur museum on 6th July.

English

After all the wonderful excitement of the fossil discoveries last week everyone has been very busy writing instructions about how to dig for fossils. The children are working so hard to remember to punctuate each sentence and also to include an adjective and some joining words (and, but, because, so)
Well done!

Thank you

Thank you for all the fabulous dinosaur information books the children have brought in. We are having great fun reading lots of dinosaur stories too.
