

Reception JTLYK Hazel & Willow

Phonics

The children have worked really hard on writing their digraphs and we are going to continue with this next week. The aim being that we will begin to join the two letters together to make one sound.

We're going to make tomato ladybirds in cooking corner this week Yum!

Maths

We've spent a lot of time learning how to double numbers. Next we are going to think about how to apply this to practical problems. Later in the week we will begin to look at how to halve numbers.

Minibeast LEAP

We've made a great start to our new LEAP! We've been busy looking at books from the library, painting pictures and making minibeast gardens in the classrooms. On Wednesday afternoon we went exploring and found lots of creepy crawlies in the garden. We are looking forward to having some baby caterpillars which should arrive in the post next week. We will be looking after them and watching them change into butterflies. On Monday we will be working in our house teams as part of a minibeast carousel.

Reception Football

For the next 6 weeks, Hazel and Willow are going to be having football workshops on Monday afternoons with Vicky from The Football Association. They will need their PE kits in school for these sessions. We will send your children home in their PE kits as there won't be enough time to change. Could you please make sure your child's kit is back for Thursday's PE lesson.

Many thanks!
