bring in your £1.

PLANT DESIGNS

This week we have designed some magical seed packets for our amazing seed creations. The children have created wonderful designs for the front of their packets and written up instructions for growth on the reverse.

In group maths this week we have used the four operations to solve word problems. Our focus has been on checking our answers. How do we know our answers are correct and how do we check?

In class maths we have applied our understanding of area to create our own playgrounds and gardens, calculating regular and irregular shapes.

Bentley Copse

To those who have not yet returned their forms please make sure you hand them back
AS SOON AS POSSIBLE!

Jubilee Celebration Day

We have got our Jubilee Celebration day on Friday 1st June. Year 4 will be going back to the '70's.

Please start thinking about a fabulous '70's outfit to wow us with. Think flares, wigs and disco fever!
