

Things to Remember...

Please remember that children need wellies/ spare outdoor shoes at school at all times. Please make sure that these are the right size.

Naming Stuff...

Please make sure everything that belongs to your child has their name on. It really helps to make sure we are able to get everything back to the right people! Thank you.

Year 2 JTLYK

Topic Fun

We have made up our own 'Wild Things' story, by acting and drawing different adventures for Max. We then wrote super stories which we shared with Year 1 and will be up in the classrooms if you want to come and read any.

Friday 20th January 2017

Finding things that make you go 'Wow!' at the Wild Place.

English

This week we have been practicing comprehension, by answering questions about Max's adventure with the 'Wild Things.' We answered in full sentences and had to give reasons for our answers. We have looked for the specific words in the text which tell us what we need to know.

Phonics & Spelling

This term we are focussing mainly on spelling and spelling patterns. Please keep up the brilliant work in the Green Books. We will be informally checking how children are getting on with this, so please let us know if you have any difficulties or need any ideas!

Please make sure green books come back to school every week on Wednesday.

Maths

We have been looking at the properties of 2D and 3D shapes. Look for shapes around your home. We have learned to talk about 2D shape using the words: straight, curved, side, corner (vertex) and corners (vertices). For 3D shapes we use the words : straight, edge, flat, curved, face, and vertex (vertices). Here's a 3D shape sorting game you might like to try out at home: http://mathsframe.co.uk/en/resources/resource/115/sorting_3d_shapes_on_a_venn_diagram#
