## Spellings of the Week

tough	enough
thought	thorough
though	although
through	weight
might	
bright	irreversible
height	investigation
eight	budget

**Dear Parents,**

**Many thanks to those of you who joined us on the trip to the Science Museum, we had such a fantastic time.**

**REMINDER: Bentley Copse meeting Tuesday 18th March at 7pm.**

**We look forward to seeing you all at Parents' Evening next week.**

**Have a great weekend, Julia, Sheila and Mel.**

## Science day and trip to the Museum

Year 4 enjoyed their trip to the Science Museum, they particularly loved the 'Launch Pad' where they were able to have hands on experience with many different investigations. Year 4 also learnt about explosives and structures in the Science show.

Year 4 spent the whole of Tuesday designing their own projects which had to include a circuit and levers, why not ask your child about the design they came up with?

In Maths the children have been problem solving. Pupils were given the task of designing a new park with a set budget.

However there were a few factors which they had to take into consideration before spending their money. For example, are there things do to if it rains? Have you provided facilities for people who may spend the whole day in the park? Will your park get crowded in some areas? Why not find out what your child decided to spend their money on!

Have a go at the mathletics task for this week.

<http://www.mathletics.co.uk/>

In English this week, Year 4 have been looking at the features of brochures, then designing and writing their own for the Science Museum. We have been focusing on using persuasive language, particularly bossy verbs.

**Homework:** Please make sure your child has completed their homework task for Monday, this is to write a paragraph about their favourite part of the Science Museum that they visited.
