

## Christmas play

The children have been working so hard on their words and acting for the Christmas Play 'Follow the Star'. We are really looking forward to the performances on Tuesday 4th and Wednesday 5th and hope to see you there! Don't forget to order your tickets using the letter we sent out on Tuesday. Just a reminder that we need costumes in by Monday 26th. Any problems, please let us know.

## Marvellous mosaics

After feeling inspired by our trip to St. Paul's Cathedral, we created our own mosaic angels. We thought about how hard it must have been to create this art work on the ceiling—and how much the artists' arms must have ached!

## Besom Boxes

You will have seen the letter about the Besom boxes (Christmas hampers) that your child brought home this week. Please sign up on the sheet outside each classroom.

## Code breakers

We've had great fun using our number bond knowledge to be code breakers this week. We even had a go at making our own!

## Beep beep day

Thank you for sending your children to school in such bright colours. We have had a great week talking about the green cross code and road safety. We enjoyed meeting Philippa from the BRAKE charity. She kindly presented 1st, 2nd and 3rd prizes for their fabulous road safety posters.
