

## Just to let you know...

### Phonics

We are revising the diagraphs ee, oo, ch, sh, ai, ng, oi, and th playing diagraph and treasure hunt bingo and thinking of words with these diagraphs in. We will be writing some of these words in curly school writing too.

If your child can find any words with these diagraphs in we would love to see them.

### Maths

We will be continuing to work out the bonds to 5 and 10 using bricks, fingers and bead strings. We will be writing the number bonds as number sentences eg.  $2+8=10$  or  $1+4=5$

## Reception

## Hazel & Willow

### Wild Place

We had a lovely visit to The Wild Place this week. The children enjoyed a variety of different activities ranging from den building, Ukulele playing and singing, painting, or mobilo making. Look out for pictures on the website. Thank you to all our lovely parents who have helped to make our visits possible all year.

### Thank you

Thank you very much for your responses to our questionnaire about the reading record books for next year in Reception. It was really helpful to have your feedback and the majority verdict was for us to have one book which we will use for both the Jolly Phonics sounds and also as a reading record. We will stick the phonics in the back of the book and use the front as a reading record.

Thank you for all your donations so far for the Rainbow Room. If anyone else has any more toys, small cars, a scooter or tricycle, dolls etc that you don't want any more we would be very grateful. Thank you, Sarah and Sian
