

## Thank you!

Thank you very much to the kind parents who have come in to tell us about their adventures. The children have loved looking at the pictures and imagining themselves in Australia, swimming with sharks, sky diving and learning all about the wonderful things you can do in Morocco and Marrakesh.

## Year 2 JTLYK

### English

This week the children have worked hard to learn about and use verbs and adverbs in interesting sentences. Inspired by the story of 'The Wild Things' we made plasticine boats and then tested to see if they floated. We then wrote instructions to Reception to tell them how to make a boat!

## Home fun

This term we are focussing mainly on spelling tricky words. We have put a Year 2 word mat in for you this week. Please play the 'Hunt the Word' game. Eg You say 'friend' and your child finds the word on the mat and then spells it out loud. Thank you for continuing to help your child so well. Please make sure green books come back to school every week on Wednesday.

## Danish Visitors

Some Danish teachers visited us on Tuesday to tell us a little about school in Denmark. Year 2 were delighted to be given some pictures made especially for them by the Danish children. Our children made some fun fortune tellers to give their new Danish friends.

## Maths

This week we have been busy learning how to multiply and divide by 2. We plan to continue this next week and apply this to simple problem solving. We will also be revising the o'clock and half past times so it would really help your child if you could point out these times during the weekend.
