

Year 6 Group Room

From this week we'll let you and your child know what the following week's spellings will be. The children have learnt different methods of trying to learn tricky spellings as we realise that learning how to learn is so important.

Indeed, the focus this term in all aspects of English will be on the importance of developing strategies to learn.

Next week's spellings are words containing the sound 'or' but don't follow that spelling rule:

Fork, store, door, cause, claw, walk, thought, your, caught, roar.

This week the children practised beginning sentences with connectives that added more information, e.g. as well as..... in addition.....

Have a lovely weekend,

Lynn and Tina
