

Year One Beech and Oak

Dear Parents,

We have had a lovely week getting into the swing of our new Dragon topic. The amazing dragon eggs are being kept warm and there are signs that they may hatch soon. Please ask your child early next week for news!

The children have been busy listening to a story called 'Dragonory,' We focussed on what happens at the beginning, middle and end of the story. We drew the story, acted and retold it as well as writing it.

Parent Consultations

Thank you very much for coming to see us. We really enjoyed talking to you all about your child. Please always feel welcome to pop in at any time if you have a question.

Maths

Lots of adding and taking away has been going on this week. The children are getting more speedy when working out their bonds to 20 as well as trying hard to write all their numbers round the right way. We have also been applying our adding and taking away skills to simple problem solving.

The Wild Place

We are hoping to go to The Wild Place on Tuesday 14th March at our usual time of 1.30pm. If any parents would like to join us you would be very welcome. Please let your child's teacher know. Thank you for helping us.

Red Nose Day 24th March

On 24th March we are asking the children to come to school as a dragon, knight, a princess, a prince or actually anything at all related to a dragon story! If you'd like to wear a red nose or anything else funny as well then please do! Please bring in £1 for the Red Nose charity.

Ruth has lots of Red noses for you to buy!
Thank you
