

# Just to let you know

## Dear Parents,

Many thanks for your support over the last few weeks with keeping your children calm in the run up to SATS! The children completed their 'mock SATS' this week and we are all very pleased with their focus and effort.

A few reminders for all;

Children need to be in for an 8:40am start.

Children need to be eating a good breakfast in the morning, so that they are fuelled for the day!

Preston Montford forms and the Lido slip needs to be returned please.

Thanks for your support, JJ, Tom, Helen and Mary

Please remember that it is just as important for the children to rest and play, as it is to work at the moment, so do encourage them to have some time to do just that this weekend.

## Yearbook

We must say a huge thank you to the Yearbook Team who have been working tirelessly to ensure the Yearbook is going to be ready. Jane Rosie and Alida Van Der Dussen have taken a major part in the project.

## Maths

Please remember to look through your child's Maths Facts books as a revision tool. We also highly recommend the following website which has 5-a-day revision maths worksheets that cover all of the different maths topics. There are different challenges - bronze, silver, gold and platinum.
