

Literacy

As term winds to a close the children have been working hard on completing their topic books. We have focussed on writing with clear handwriting and making sure basic punctuation is consistent.

Maths

3 cakes, 2 cakes or 1 cake?

On Monday this was the question the children were confronted with. Each child had to choose which table to sit at, the table with 3 cakes on it, the table with 2 cakes or the table with one cake. Each child chose a table one at a time. As we went we used fractions to display the amount of cake you would get. The children were very tactical in their choices and used their understanding of fractions to make their choices.

RE

Our artist in residence, Kathy Shaw-Urlich came and spoke to the children about stained glass windows. The children then had a go at creating their own window design based on the Easter Story and these were displayed at our lovely Easter service.

Notices

3N will start swimming next term. Please ensure you have returned your permission slip before Wednesday 23rd April. 3C will be doing Dance and 3G will be doing Gymnastics.

Summer Term Meeting

We will be holding a meeting for all parents about the trips that take place in the summer term. This will take place on Thursday 24th of April at 7pm in 3C. Details about the Year 3 sleepover will also be covered. Your child should have brought a letter home with this information on.

Carrie's War Theatre Trip

We have filled our allocation of tickets now. If your child is going they should bring a letter home this week with the final details of the trip.

SPELLINGS

We are not setting spellings over the Easter break. If you like you could look back at any words the children have struggled with.

MATHELTICS

We have set a new task on comparing fractions. Remember to explore the whole site over Easter.
