

# Just to let you know...

In maths we have been working on our investigation skills; the children were given tricky codes to crack, using their knowledge of working out sequences. They then had to solve clues, use the code and unravel the message to help their castaway.

The children have been busy putting their topic books together, making seascape collages for the front covers and sticking all their work in.

We have been so impressed by how hard the children have been working on their Guildford LEAPs—they have been so motivated and brimming with enthusiasm.

Many of the groups have organised trips and have enjoyed learning more about their chosen area and will be going on these in the coming weeks. Please let your child's teacher know if you are able to help out with any of these.

Next Thursday (11th July) at 9.00am will be our last group reading session.

Thank you so much to all the parents who have helped us; your continued support is hugely appreciated!

Dear Parents,

We've had an exciting week; the children have enjoyed a very successful District Sports (well done Year 5) and a fantastic theatre visit on top of all their hard work.

An open afternoon will be held on Wednesday 17th July after lunch, please come and have a look at the brilliant work which the children have been doing.

Love from  
Bec, Henry, Alison and  
Heather
