

Topic

We continue to look at the world of Greek Myths and Legends and to examine other story genre to inspire our own writing and help us to develop story lines for our exciting Time Machine Stories.

As you may have seen during parents evenings our Greek Topic work is coming along well and we have spent some time this week making sure we are up to date and producing work of which we can be really proud.

Thursday 15th March is our ARTISAN DAY and all children will be encouraged to come in dressed as Ancient Greeks - more details to follow next week!!!

Just to let you know...
27th Feb - 2nd March 2012

REMINDER

Many more children are remembering ALL of their PE kits, which is fabulous! However we do have some children who regularly forget trainers/shorts/PE shirts and hence find it difficult to actively participate in our PE and Games sessions. Swimming/PE/Games are on a **Wednesday** but it is a good idea to make sure the kit is brought in on a Monday.

It was lovely to see you all at our parents evenings and we hope you found it a useful time to both look at your children's work and see how well they are doing.

English

The spelling pattern for this week is 'ai', these are the core words: rain, pain, paint, wait, again, explain, afraid, chain, nail, sail, pail. Don't forget to learn your extension words too!

Thank you for assisting your children with the typing up of their first Chapters. Chapter 2 is underway and we will let you know when this is ready for 'publication'!

Maths

Following on from our problem solving work using Fractions, we are now applying our knowledge of the 4 main number operations to solve real life problems. In class maths we are continuing to look at points of the compass and direction, and extending this to include coordinates and find the hidden treasure!
