

Just to let you know...

Dear parents,
Thank you so much for sending your children in on Wednesday all ready and raring to go on our Year One trip to Painshill Park. We had a wonderful time and the children managed to be super excited as well as beautifully behaved. Well done to Beech Class and Oak Class. Thanks again to our lovely helpers. Have a lovely weekend.
Love Hannah, Emily,

Maths

This week we have been working with 2d and 3d shapes and remembering how to describe them. If you are out and about this weekend why not go on a shape adventure and try to find as many shapes as you can.

We have been learning about:

Square, circle, rectangle, triangle, cube, cuboid, sphere, pyramid, cylinder, cone, prism.

We use these words to describe shapes:

Straight, curved, flat, face, edge, side, corner.

Phonics

Remember to look out for your phonics challenge in your sound of the week books.

Move Up Mornings

Thank you for filling in the friendship forms. We are in the process of sorting the classes and the children will have 2 taster mornings with their new class and teacher on Wednesday 26th June and Thursday 4th July.

INSET DAYS

School is closed Friday 28th June and Monday 1st July.
