

Just to let You Know

Maths

The children are doing really well working out the properties of the 3 d shapes (sphere, cylinder, cube, cuboid and cone) and finding real life examples during the 3 d shape hunts.

Cooking

Next week we will be making our very own 'fruity birds' inspired by our day at Painshill Park!

Painshill Park

We had a great time at Painshill Park. The children were amazing and joined in all the dragon team games really well. While bird watching we managed to spot lots of Jackdaws, a nesting Grebe, Coots and Swans on the lake, a Jay in the woods and some Robins! We have written thank you letters to our brilliant guide, Adam.

Literacy

We will be using all the lovely photographs from our visit to Painshill Park to make posters and to write about all the exciting things we saw there.

Wild Place

We will be working in our school grounds on the afternoon of Monday 18th June and so we won't be going to The Wild Place. A plea for plants please! - If you have any spare bedding plants, compost or unusual planters we would be very grateful as we are hoping to make the playground and Year 1 area very colourful

Just to remind you that we will be doing the phonics screening on Monday, Tuesday and Wednesday.

The sound of the week is 'ea' - deal, heal, cheap, bean, mean, gleam, meal. See if you can find any more words with this sound in.
