

Just to let you know...

Words of the Week

test	light
investigate	bright
appearance	fright
filter	might
gravel	night
clear	right
dirty	slight
coarse	back
fine	big
purify	if

Have a great weekend!

Best wishes
Tracey, Nick and
Alison

In Group Maths this week we have been looking at the concept of decimals and relating them to fractions.

This is not an easy section so please have a look at this link for some fun, interactive games to reinforce things at home.

<http://www.woodlands-junior.kent.sch.uk/maths/fractions/index.htm>

In Class Maths we have been investigating Rotational Symmetry and some have started on angles

Pancake Races

Year 4 were brilliant watching, cheering and participating in the Guildford High Street pancake races. Thank you so much to all the parents who were able to come along.

Please ensure your child has a pencil case in school as they do need them when moving for French, Maths, Library and external lessons.

Please send in any clear 2L plastic drinks bottles for science next week

ICE EGGS

We have discovered strange ice eggs in the playground! Ask your child where they think they have come from and what they are busy writing about these unexpected arrivals....
