6T- Tom: tome@holytrinity.surrey.sch.uk

6H—Heather & Helen: heatherh@holytrinity.surrey.sch.uk

helenc@holytrinity.surrey.sch.uk

Dear Parents,

We really enjoyed meeting our new classes ; all the children were very keen to be the best that they could be and to make a good first impression. What a lovely year group! Don't forget P.E. kit is needed on Mondays & Fridays

Meeting our buddies has been very exciting—ask about their new Year 3 buddies.

Best wishes,

Tom, Heather, Helen C, Mary, Sarah, and Helen P

## First topic:

### A Walk on the Wildside

We have spent the week looking at World maps and the location of rainforests and deserts. Why not ask your children what constitutes a desert? Any background reading on the Amazon would really help!

## Trip:

We will be visiting Wisley Gardens on Wednesday 16th September—Thank you for your offers of help, we will let you know the timings.

## HT Curriculum Evening

17th September 2015

At 7pm

We look forward to seeing you then.

# Welcome to Year 6!

Please could you continue to hear your children read regularly, then sign their Reading Journal to confirm that your child has read three times a week.

Reading Carousel will begin in a couple of weeks. Our slot is 8.45 am to 9.30am each Wednesday. Please email: sarahd@holytrinity.surrey.sch.uk, if you can help with reading carousel. She will arrange a meeting for you all.

**Maths:** Please keep up the regular times table practice and find opportunities to bring maths into every day chat—how many kilometres to..., how much would that be in metres..., what percentage discount..., how much less does it cost..., how far altogether... etc.  
We have been focusing on Place Value, multiplying by 10, 100, 1000 and decimal Place Value. Next week we will be looking at methods for addition and subtraction.
