

Just to let you know...

Phonics

This week we are re-visiting several different skills. We are going to re-launch our lovely curly school writing after the long Easter break! We are also going to be using our phonics to read and write words e.g. s-n-ai-l, s-l-u-g, b-ee, a-n-t, b-u-g.

Maths

This week we are going to introduce very simple tallying as a method of counting and recording. We will begin by working with numbers up to 5 and then will progress to counting in 5s where appropriate. We are also going to look at counting in 2s. At home you could try lining up your toys in 2s or 5s and look at the pattern the numbers make.

Minibeast LEAP

This week saw the start of our whole class Minibeast LEAP! On Monday we had a special video message from ZooBob the alien who wanted to find out what minibeasts were. The children then took part in 4 different activities to help them collect the information they would need to send back to ZooBob at the end of the day. Since then, we have been building on the children's ideas and questions. We have been pond dipping, made a minibeast town and learnt about how to tell the difference between different types of minibeasts. Emily has brought in some tadpoles and next week we are going to look at the life cycle of a frog. Look out for photos on the website.

Hazel & Willow

Trips

A letter has been sent out about 2 lovely trips that we have coming up soon. We're going to see a production of 'The Tiger who came to Tea' at the GLive. We have also booked to take the children on a day out to the 'Look Out Discovery Centre' in Bracknell. Please do bring your reply slips back as soon as possible. Thank you.

Help please! We would love to see you on Wednesday afternoons for the Wild Place. Please sign up or let us.
