

# Just to let you know...

## Maths

We have been working hard on fractions, decimals and percentages this week. The children have been learning about the links between these three and about how to convert between them. Can your child tell you what a  $\frac{1}{4}$  is as a decimal and a percentage? How about  $\frac{2}{10}$ ?

## Book Week

This week has been all about books at HT! Geraldine has been working flat out all week to make sure that book week is a real success. We have had two brilliant author visits as well as a chance to experience 'The Story Writing Lab' in the year 3 art area.

## Literacy

Richard and Nick are just sitting in the staff room, chatting about their week.

"How good are your Tintin stories?"  
Richard said to Nick.

Nick reclined back in his chair and thought...

"Well Richard, the Year 5 children have learnt so much about speech punctuation and have such great imaginations that I can safely say they are fantastic!"

Yep you guessed it. Our Tintin stories are coming along brilliantly. Can your child tell you the rules for using speech punctuation?

## Exciting Events

- Red nose day is happening on 13th of March. Year 5 are putting on a toy sale at lunch time on **Thursday 12th March**. Please donate any toys that you no longer want to raise money for comic relief.
- Dance Medley will take place on Thursday, **12th of March**.
- Parent's evening is taking place on Tuesday, **10th of March** and Thursday **12th of March**. If you haven't already, please get your slip in ASAP.

## Spellings

**Group 1**— tongue, fatigue, plague, merengue, prologue, monologue, catalogue, synagogue

**Group 2**— tongue, fatigue, plague, league, vague, rogue
