REMINDER

Thank you for all the lovely costumes that have arrived this week. If you haven't brought yours yet, please bring it on Monday 3rd as we will be wearing them for photos that morning. As you know, the play will be mostly outside this year, so please ensure your child has plenty of layers as we will not be wearing coats.

This week...

We have been really pleased with how the play is coming together and are now hoping for dry weather next week! We enjoyed having the chance to perform to the rest of the school this week so that everyone could see it as a whole play.

The children enjoyed their 'Fun Splash' swim this week where they had a chance to use all of their skills in a much more playful way. This was our last swim of the term. Swimming starts again on the 9th January.

Besom boxes

Thank you for the wonderful selection of items you have donated for the hampers so far. We hope to have them ready for collection by the end of Monday 3rd December, so please bring in any remaining items if you can on Monday morning.

Danish visitors

We were lucky enough to have some teachers visiting from Denmark this week who came to tell us about Christmas in their home country. We found out that they celebrate a day earlier than us, on the 24th December. The children were intrigued to find out that Danish children eat rice pudding and cinnamon over Christmas—they couldn't decide if they liked this idea or not!

Maths

This week we have revised addition and subtraction of 2-digit numbers. The children used drawings well to help them calculate the answers. For some of the trickier questions, we even used the bar model to help.
