

Just to Let you Know

Hazel & Willow

Space Adventure

The children loved our trip to the Moon! We watched a real rocket launch and then imagined we were on the rocket as an astronaut. We had an exciting space walk and then a picnic on the moon rather like Baby Bear in 'Whatever Next' by Jill Murphy.

Space Writing

Everyone has been busy Writing and drawing this week. Topics have ranged from instructions for what to do in the International space station, the planets, what they would take to the moon, to writing their own space story or drawing and labelling an alien!

Maths

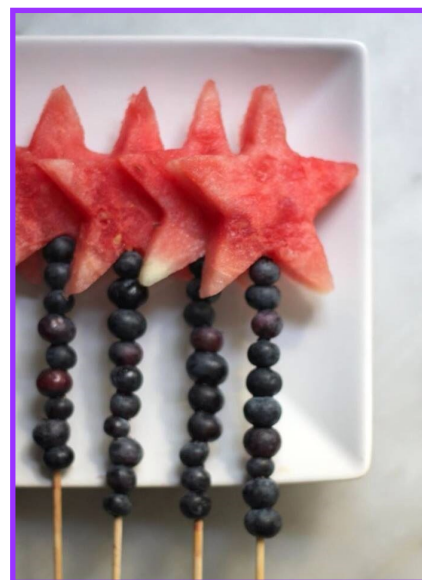

We are going to start the week with a Maths Carousel where the children will work in their houses and take part in a variety of practical maths activities. Following this the children will have lots of opportunities to explore the resources and set themselves their own problems independently.

Wild Place

We'd love to go to The Wild Place each week. Thank you for signing up to help us. We can guarantee a good time will be had by all!

Cooking Corner

Delicious fruit star wands!

'Mr Benn the Magician'

will be our story for next week. We will be making funny fruity star wands, trying out some magic tricks and writing instructions for this!
