## Curriculum

This week the children have worked really hard on writing a diary extract, as if they were an evacuee. They managed to incorporate all they had learnt and all the features of diary writing; super pieces of work were produced. Column addition has been revised in maths and this was done as if the children were ordering supplies for the Home Guard. It was great fun and the children learnt really well.

Thursday was Turkey Day. This term each year group will have found out about a different country within our Comenius Project. The activities included geography, learning about food and Turkish dancing.
