

## Reception JTLYK Hazel & Willow

### Outside LEAP

You may have heard that we received some baby caterpillars in the post this week! We've had a lovely time putting them in little pots, giving them food and naming them. We look forward to seeing them get bigger in the coming weeks and we will be keeping a caterpillar diary. In response to our new arrivals we're going to have a big focus on 'The Very Hungry Caterpillar' by Eric Carle. We will use the story to inspire our writing, art, maths and role play.

### Phonics

We have been practising to write the following digraphs:

**ch, sh, th, ee, ou, oi and oa**

The aim being that we will begin to join the two/three letters together to make one sound.

If you want to practise at home too the formations are on the phase 3 sound mat in the JTLYK book.

### Wild Place

It would be lovely to make the most of our LEAP and the summer weather by taking our learning to the Wild Place. If you are able to help, please sign up on the sheet outside our classrooms.

Thank you

### Maths

As part of our LEAP we will be taking much of our maths-outside!

In particular we are going to be doubling and halving numbers using ladybirds as a visual aid.

### Cooking Ladybirds!

Made from tomatoes and olives
