Garden Party Invitation

A date for your diary! Year One are holding a 'Garden Party' on Wednesday 20th May from 2 pm. Invitations will be written and sent out soon.

Maths Corner

The children have worked very hard this week practising lots of ways to make the number bonds 10 and 20. We have used number strings, beads, number fans and our fingers to develop fast recall of these numbers. **At home write out numbers 0-20 on pieces of paper and play 'pairs' with numbers making 10 and 20.**

Dear Parents

What an exciting start we have made to our 'Ready Steady Grow' topic! We really enjoyed our visit to Guildford Castle's beautiful grounds on Monday morning. Thank you to all the grown ups who came with us. The children were very observant and able to answer questions on how many different places they could see plants growing as well as how many different species of Daffodils are growing there. We had a lovely surprise on Wednesday when we were introduced to 'Gardener George' who will be setting us different growing challenges each week! Our task this time is to find out how to grow cress. And yes - we will be eating it!

Emily and Sheena :))
