

Just to let you know...

Maths

The children have enjoyed using ordnance survey maps this week, identifying features and symbols. They then went on to work on direction and measuring length, focusing on conversions between mm, cm and km.

Notices

Brenscombe Farm is fast approaching. Please check your payments status and send in your medical forms asap.

Literacy

Metaphorically speaking 'The sea is a hungry dog.'

Metaphor and poetry linked to the seaside has been our focus in literacy this week.

Using their senses and personal experiences the children have planned and written beautiful inspiring poems based around animals of their choice.

Spellings

Division

Invasion

Confusion

Decision

Suspension

Explosion

Television

Comprehension

Apprehension

Plus two of their own spellings.

The children accurately measured out the eight points of the compass and used this to direct each other to different areas outside, using numbers of footsteps.

Homework

Planning a journey! For homework this week we would like the children to plan a journey from home to somewhere interesting within the UK. The children can use maps and Google Earth to help them (no using the directions app!). They will need to include road names, directions and approximate journey times and write this into their Reading Journal.
