

JTLYK Year One
Friday 29th April 2016

English

The children are working so well in their daily phonics lessons and we are seeing a good improvement in their reading skills. Thank you for working so hard with your child in their Sound of The Week books too. It all really makes a big difference.

Wild Place

We hope there won't be any sudden snow flurries next week as we would love to go to The Wild Place on Tuesday. We are hoping to make some Andy Goldsworthy inspired sculptures.

Please sign up to come with us!

Maths Corner

This week we have been building the children's confidence in addition and subtraction. We have practised using 100 squares, number lines, unifix and counting on using our brains and fingers!

See page 2 of this JTLYK for your own 100 square to print off at home. Ask your child to show you the pattern of 2, 5 and 10 on the 100 square.

Dear Parents

We hope you have received a handwritten invitation from your child to the Year 1 Garden Party on the 25th May at 1.45pm. The children are looking forward to sharing their topic books and outdoor area growing with you! We will be doing lots of planting in the Year 1 garden to prepare for your visit! If you have any extra cuttings or colourful bedding plants, or small tomato plants or any type of vegetable we would be very grateful for some to plant. Thank you!

We hope you have a lovely bank holiday weekend!

See you again on Tuesday.

Run To Rio

We are amazed by how well the children are doing. They are all so enthusiastic and the miles are mounting up!
