

Just to let you know...

Dear parents,
Happy Easter! Wow, what an amazing term it has been. The children have impressed us with their enthusiasm and zest for learning. They have enjoyed being super scientists and have learnt a great deal about investigating and exploring the world around them. The children have produced a wide range of writing, covering brochures, poetry, stories and marvellous recipes. In maths this term, we have covered a huge variety of topics, including symmetry, angles, co-ordinates and 2D shape.

We hope you all enjoy a well earned break and we look forward to seeing you all again in the new term.
Nick, Sarah and Emily

Spellings
Over the holidays we would love the children to look through their spelling books and practise any words that they have found tricky this term. There will be a test of random words during the second week back.

SCIENCE EXHIBITION

What a huge success our exhibition was! Thank you all for coming along and helping create so many marvellous inventions!
