

# Just to let you know...

## Have you seen an Ice Egg?

Something strange and mysterious has landed in the Holy Trinity woods. Large, brightly coloured ice eggs have been found! The children discovered them on Monday morning and have spent the week pondering where they may have come from. We decided that some of ideas would make great stories so we have been writing about them all week!

## Spellings Of The Week:

sight  
light  
fright  
might  
right

bright  
slight  
knight  
fight  
night

conductor  
circuit  
electric

property  
insulator

Dear Parents,

Next Tuesday, we will be heading to Guildford high street to take part in a pancake race! It would be fantastic to have some of you join us, if you are available from 10:30-12:00 then please let one of us know.

We hope you have a lovely weekend.

Julia, Nick and Mel

## Maths

This week we have been focusing on Carroll Diagrams and different ways in which we can represent and interpret information.

We have also been keeping up with our number work and have practised counting in groups; recapping fast ways to mentally add and subtract.

Have a go at counting back from 100 in 7's or counting up past 200 in groups of 14.
