Dear Parents,

Next Friday (14th) is FLUFFY, please remind your child to bring in their £1 donation.

Homework:

www.bbc.co.uk/bitesize/ks2/english/spelling_grammar/punctuation/play/

Please can you send in any shoe boxes you may have. Thanks!

We hope you have a lovely weekend.

Mel, Sheila and Julia

NOTICE!

Unfortunately the opportunity to run pancake races on March 4th is no longer available to Year 4.

Maths

This week we have been focusing on decimals and comparing these to fractions. Pupils have been ordering fractions up to two decimal places i.e. 0.5 is bigger than 0.25.

We then went on to look at decimals in problem solving, using our decoding skills to work out what calculation was needed to solve the problem.

If you would like to support your child further, then have a look on the mymaths website, click onto Level 4, Number, Decimals and select the appropriate activity.

Sikhism

This week we have been learning about Sikhism. We learned about Guru Nanak, who was the founder of Sikhism.

We learned about the beliefs and duties of being a Sikh.

Can your child remember what the five Ks are? Or what each of them symbolise?

We really enjoyed our Friday afternoon celebration of a Sikh festival, turning our school hall into a Gurdwara.
