

Just to let you know...

Maths

Maths this week has been all about angles. The children have been learning about protractors and how to use them for measuring and drawing acute and obtuse angles. We have also been thinking about angles inside a triangle and looking at solving problems with missing angles. We have discussed an angle as a measure of turn.

Book Week

As next week is book week, we have a series of exciting events lined up...

- There will be author visits on both Wednesday and Thursday afternoons. On Thursday there will be an opportunity to purchase 'Horrible Science' books written by Nick Arnold.
- There will be a book swap on Wednesday. Children should bring in a used book or books they have already read. They will be able to choose two books brought in by other children.
- On Friday the children will be taking part in a house quiz based on famous Scientists, as this is this years book week theme.

Exciting Events

- Red nose day is happening on 13th of March. Year 5 are putting on a toy sale at lunch time on **Thursday 12th March**. Please donate any toys that you no longer want to raise money for comic relief.
- Dance Medley will take place on Thursday, **12th of March**.
- Parent's evening is taking place on Tuesday, **10th of March** and Thursday **12th of March**. If you haven't already please get your slip in ASAP.

Literacy

This week in literacy the children were excited about making a comic strip based on the character Tintin. Children focused on planning their comics using imaginative vocabulary and interesting dialogue. They then used the comic strips to write stories using both speech and narrative to move the plot forward.

Spellings

Group 1—Cartouche, chalet, chaperone, parachute, quiche, charade, brochure, chauffeur

Group 2— chalet, quiche, brochure, chef, machine, chivalry
