

## Just To Let You Know

Next week we will continue practising 'Curly Caterpillar Letters.'

These are 'a,c,o,d,g,q,e,s,f'

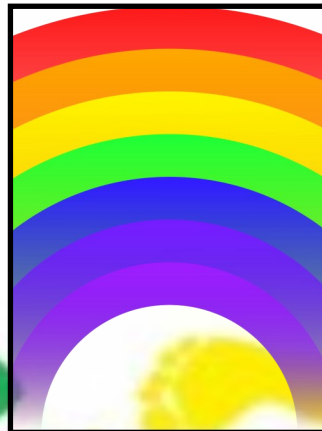

Please ask your child to show which ones they have been practising. Do practise these with your children at home. You could use chalk, paint, flour, sand, water as well as good ol' pen and pencil. Tracing can also be helpful if it's proving tricky.

### FLUFFY

Next Friday is Fluffy Friday. We will be working in House groups throughout Reception trying out some new things and exploring with some new friends. Please send your child to school in 'mufti' (their own clothes). We may be outside so suitable clothes for the weather please.

We'd really like to build on our Thoughtful Spots and make them more personal to the children. If you have any interesting objects, photos, books that might reflect our school values we'd love you to bring them in to share. To allow us time to reflect on each object please could we ask any child with a name starting with A,B,C or D to bring something in first.

## Hazel & Willow

Can anyone spare any time to help with some reading first thing in the morning?

Our Space LEAP is nearly at an end. Watch this space to see what the children decide to learn about next...
