

Just to let you know...

This week in English we have been continuing with writing explanation texts about how day, night and seasons are created.

In Maths, we have been looking at 3D shapes and angles. If you feel like you could do with a little extra practice, have a look at:

www.mymaths.co.uk

(username: pewley password: squared) and go to: geometry, properties of shapes, Y5 measuring angles.

Dear Parents,

We've had an exciting week, with our trip to the Winchester Science Museum, where the planetarium was a real favourite and our fun packed FLUFFY!

The fun continues after half term with an exciting book week all about myths and legends!

Below are this term's diary dates:

Tues 28th Feb — Parent consultations 6.00—8.30pm

Thurs 2nd March — Parent consultations 4.00—6.30pm

Thurs 23rd March — Brenscombe meeting 3.30pm

Best wishes for a great half term,
Bec, Heather, Laura and Nick

Homework

There is no homework or spellings over half term. Have a great week; make sure you read lots, get out in the fresh air and try something new!
