

Oak and Beech Class

Friday 3rd February 2017

Maths

We have been subtracting using a number line this week. The children have been working hard trying to remember to write the numbers round the right way as well as working out the subtractions accurately.

Next week we will be learning about 3 D shape. To help with this please could you ask your child to spot any real life examples of cubes, cylinders, spheres, cuboids and pyramids.

Phonics

We will be assessing the children's phonics and writing next week. Thank you for keeping going with all the good work in The Sound of the Week books as this helps to reinforce what the children learn in school.

Dear Parents,

Wow! It's been Art Week and the children have been very busy learning new techniques to create their exhibits using paint brushes, collage, print and oil pastels. The children took their inspiration from the Traditional Tales we have been reading. We hope you enjoyed the exhibition on Friday!

Bedtime Story Night 7th February

We are looking forward to seeing the children in their pyjamas and dressing gown at 5.15 pm ready for stories. Cuddly toys, pillows and blankets are optional!

Cooking

We will be making some tasty icing buns on Monday.
