

English

This week we have been using our plans to continue to write our own Greek myths. The children have been very excited to describe their heroes and mythical beasts. We are now halfway through and have seen some great writing so far to describe the adventure their hero goes on!

Maths

This week in maths we have consolidated our understanding of expanded addition to solve worded money problems. Please continue to get your children to help you count the money when you are out shopping!

Art

The children loved making their very own clay mythical creatures on Friday. You will be able to see these on Greek Day which is in a few weeks time.

Fluffy! Friday 15th February

The children have completed their Fluffy choices, which they are very excited about! They will find out what they are doing early next week. Please can they each bring in £1 on the day to help support the activities.

If any parents are able to help with any activities (on and off site) we would really appreciate it. Thank you.

Nut Free School

Just to remind you that we are a nut free school. Please can you make sure there are no nuts of any sort in the children's pack lunches. Thank you.

Safer Internet Day—Tuesday 5th February

We have Safer Internet Day across the whole school on Tuesday 5th February. We have planned some activities that encourage safe use of the Internet.

Time Machines

Just a quick reminder about Time Machine resources! Please continue to collect boxes, lids, bottle tops, corks, toilet roll tubes and anything else the children may find useful. BUT, please don't send anything into school until asked, as we just don't have the space to store it. We will let children know when we need it as well as letting
