

Curriculum News

In RE this week the children have been looking at the story of Abraham and Isaac. They have been thinking about what it means to trust. We had great fun in playing some trust games and went on to discuss in depth this well known story.

English

The children have been having great fun identifying and going onto use imperative (bossy) verbs. This has included writing instructions to make their favourite sandwich. There was a wide variety of interesting fillings! Next week we will be writing instructions for our time machines.

Maths

This week we have started our topic on finding fractions of shape. The children have worked well with a range of practical activities. We are going to be moving on to find fractions of quantity.

The whole school has been introduced to the new Maths Legends League. This is a weekly mental maths quiz focusing on number bonds and times tables. All children have started on the 2 times table where they have to answer multiplication and division facts. Please encourage your children to practise their 2, 5 and 10 times tables.

Spellings

coins

exploit

hoist

noisy

opposite

peculiar

perhaps

popular

Reminders

We are still finding that many children do not have their P.E. kits in school. This does make teaching PE and Games very difficult. Monday and Wednesday are our P.E days each week. 3J are doing team games, 3G are doing dance and **3C are swimming** this term.

Church Visits

On Tuesday 3rd Feb the whole year group will be visiting Christchurch and St Mary's Church, as part of their Religious Education. We also hope to do some data collection at the same time. If you are available to help with this, please let your class teacher know; **we are still looking for more parent helpers!** We will be back with plenty of time for the end of the school day.
