

JTLYK
Oak and Beech Class
Friday 30th January 2015

You are invited to the Year One
Art Exhibition on Friday 6th
February from 2.15 pm in Oak and
Beech Classrooms.

Come and admire your child's creative
hard work from 'Art Week' next week.
All family members very welcome!

Dear Parents

We had a great time visiting Year 4 at HT on Wednesday, The children very proudly shared their writing and the older children were so friendly and enthusiastic about their work. We have been continuing with our Fairy Tales topic and the children have been using their favourite characters to practise using WOW words in their writing.

This morning we enjoyed 'toast and talk' - always a favourite activity in Year One! We spent time after our tasty treat looking at work in our Maths and Topic books, receiving feedback from the teachers and looking at our Next Steps. Have a great weekend!

Emily and Sheena :))

Maths Corner

This week we have been revising our adding and taking away skills. We have been learning to think about which resources can help us the most; fingers, number line, unifix cubes, 100 square?

Try solving these number sentences at home and choose either your fingers or pasta shapes to help.

Remember to count carefully!

8-5= 15-7= 13+9= 6+4= 18-10=
