

# Just To Let You Know

# Hazel & Willow

Next week we will be practising 'Long Ladder Letters.'

These are 'l, i, t, u, j, y.'

We would love some help sticking these into books on Friday if you can help.

We have stuck the curly caterpillar letters we've been practising in the JTLYK books. Do practise these with your children at home. You could use chalk, paint, flour, sand, water as well as good ol' pen and pencil. Tracing can also be helpful if it's proving tricky.

## Body LEAP

This week we have been thinking about healthy eating and what bodies need in order to grow and be strong.

Next week we look forward to learning about our teeth. We'll be looking closely at types of teeth, their shapes and their special jobs. As well as how to keep them clean! Ask your child to sing the 'Brush, brush brush' song.

In maths we plan to learn about money which ties in nicely with teeth and the tooth fairy!

Do let your child have a look at the change in your purse/wallet. You could talk about the shape, numbers, names and patterns of each coin. Can he/she help you next time you go shopping?

Reception using the bikes and scooters to exercise their bodies.

With the scaffolding finally down, we could open up the Yr R 'Hand Gym' in the Rainbow Room. Perfect for exercising your hand muscles to make them strong for writing!
