

Just to let you know...

Literacy

The children have enjoyed reading a wide variety of different creation stories this week. They have worked in home groups and specialist groups to teach each other about a creation story. They recorded the key facts and went on to identify the similarities and differences between the stories. This is now helping them to plan and write their own creation story, which we are so looking forward to reading.

Email addresses

As you know our email addresses are now our Christian name with the first letter of our surname htpd.surrey.sch.uk
Please note however that Sarah Mistry is:
sarahmistry@htpd.surrey.sch.uk

Students in Year 5

We welcome Toby and Stefan who will be teaching in 5G and 5N this term.

Reminder

Winchester Science Museum Visit

This term we are visiting Winchester Science Museum and Planetarium. The trip will take place on Thursday, 4th February; if you would like to come and help, please email your child's class teacher.

We have also asked the children to choose two words that they find tricky

Numeracy

This week the children have been working hard looking at different aspects of mass. They have been able to convert grams to kilograms and vice versa. They had great fun estimating the weight of objects, using a range of weighing scales, comparing different weights and finding the difference between their estimates and the actual weight. They then went on to enjoy solving word problems where they had to use a range of operations and units.

Homework

The children are learning a variety of different homophones this week in their spelling investigations. For homework we would like them to use these words in 10 sentences, showing clearly that they understand which words are nouns and which words are verbs.
