

## Curriculum News

### English

This week we have started to plan and write our own 'Greek Myth'. We created our own hero names as well as a name for a mythical creature. The children are very excited and keen to write; we are looking forward to reading some excellent stories!

### Maths

In maths we have focussed on '£' and 'p' notation for money. The children visited the toy and sweet shop, purchasing 2 or 3 items each time, and worked out the total using expanded addition.

### RE

This week we have found out about 'Shabbat'. The children made an information booklet about the different things Jewish people do in order to prepare for Shabbat. We discussed the things we enjoy doing with our families and how these differ between families and faiths.

### Science

We have had great fun learning about the digestive system and the children enjoyed joining in with a very messy lesson where they took food on a journey starting with the mouth.....

### Spellings

who  
knew

use  
were  
where

### Reading Carousel

Many thanks for your continued support with Reading Carousel. The children are really enjoying the new activities and things are running smoothly.

**We will not have Reading Carousel on Tuesday 28th February** as there will be a House Assembly instead.

### Reminders

We are almost at half term; school closes at 3.15 on Friday 10th February and reopens on Tuesday 21st February. This week is the start of 'Book Week' and our theme is 'Myths'. Look out for more information on the newsletter.

We still have children who do not have the correct kit in school for PE and gymnastics lessons. Children need to wear the correct kit to enable them to participate safely in the activities. Please help your child with these and make sure PE kit stays in school all week.

There will be a House Dance Medley after half term so get practising those moves!
