

CURRICULUM NEWS

Maths: This week we have been revising our understanding of long multiplication. We have used the grid method which involves partitioning numbers into their tens and units.

Literacy: 'Victory in Europe!' We have been writing newspaper articles based on the reaction to the end of the war in England. The children have considered the features of a headline and then looked at ways of writing a quote. The children interviewed each other and wrote down what they said for their article.

Reminders and Notices

Sports day is fast approaching! It will be held on the afternoon of Tuesday 15th July.

Parents are welcome to come and stand around the edge of the pitch to watch and support!

Just to
let you
know

Year 3 have enjoyed working with the Year 2 teachers on Thursday and Friday. We have had great fun outdoors and it was lovely seeing all the new children experiencing their first day. It seems like only yesterday that our current cohort were coming for their induction days. We designed our own islands and thought about weather, climate and the types of things we would want to take to our island.
