

# Just to let You Know

## Library Books

Please start returning any library books for the summer audit.

## Growing ...

This week we have been planting pea, broad bean and cress seeds. We have been talking about what plants need to grow and the children are enjoying watching out for signs of growth. We also made and ate cress sandwiches from cress we planted last week. We have been harvesting strawberries and watching the cherries and blueberries ripen in our outdoor area.

## Literacy

We have enjoyed making seed packets this week with written instructions for planting the seeds. We had great names such as Dr Who Flower, Rainbow Flower, Volcano Flower etc!

## National School Sports Week

The children enjoyed the Olympic sports taster sessions run by visiting coaches. They had the opportunity to practise throwing the discus and javelin really far!

Don't forget that school is closed on Friday 29<sup>th</sup> and Monday 2<sup>nd</sup> July

## Artist's Studio Visit

Oak Class had a lovely visit to Susanne Winter's studio this week. The children drew still life fruit and flowers and loved seeing her GIANT cow sculptures! Beech Class will be going on Tuesday 3<sup>rd</sup>. Thank you very much Susanne from all of us.
