

Just to let you know...

In English this week we have been looking Reading comprehension—with an emphasis on inference and deduction.

To reflect on the year and for learning journals, we got the children to have a go at writing their own reports. It was impressive to see how accurate a lot of them were in terms of how they feel about their strengths and areas for development.

In spelling this week we looked at words which are commonly spelt incorrectly (terrible, quiet, guitar, laugh, rhythm, soldier, friend, height and weight) The children have thought of clever ways to remember the tricky spellings—ask them to show you what they are. There will be a small test on Monday.

Last few group reading times:

Thursday 27th June 9.00am

Thursday 11th July 9.00am

Many thanks for your continued support!

Dear Parents,

Thank you for supporting the children in their clarinet concert—they were very excited to perform for you! If there are any clarinets at home, please ensure they are back in school for next Monday.

Please remember to return theatre slips and money as soon as possible. The trip is on Thursday 4th July and we should be back at school for 4pm.

Don't forget that next Friday (29th June is INSET day and Monday (2nd July) is our Midsummer holiday; we hope you have a lovely long weekend!

Love from
Bec, Henry, Alison and Heather

In maths this week, we have continued to look at the data we collected during our Guildford shop survey. The children have Been looking particularly at mean, median and mode.

We also did revision on the four operations: addition, subtraction, multiplication and division and recapped on formal written methods for each of these.

There is some work on www.mymaths.co.uk which would be good to consolidate what we've been doing. (username: pewley, password: squared), just go to 'level 5', 'number', 'multiply and divide written' then two activities will come up, which you can choose from.
