

# Dinosaurs

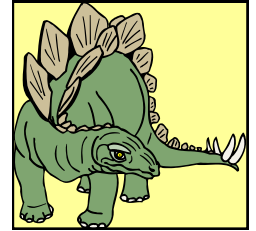

## Topic fun

We are working very hard to finish our museum! Whilst continuing to work in our LEAP groups we have also begun to make our very own Jurassic Parks. We are very excited about showing you the fantastic work that you children have produced!

## Dinosaur Museum

You are cordially invited to the Year Two Dinosaur Museum viewing on Friday 4th July. Walnut Class grown ups should come 9-9.30 directly to the museum, whilst Chestnut Class enjoy some delicious coffee and homemade goodies in the café. We will then swap so that Chestnut Class can visit the museum and Walnut Class enjoy the café. This will avoid lengthy queues!

## I'm bored box

Go outside and try to make part of a dinosaur from things that you find in the garden. You could make dinosaur trail with fossils and foot prints to find on an adventure!

## Things to remember...

**Chestnut Class will need to bring in a packed lunch to school on Thursday 4th July.**

**We are going to the Wild Place on Thursday 4th NOT Tuesday afternoon. We would love some helpers if you are free.**

**Wednesday will be our last swimming session!**

## Maths

Practise counting in 3's to at least 30. See how quickly you can remember how many 3's in 15, 21, 27 .....

## Writing Corner

Make and write a postcard from your Jurassic Park. Tell your family all about the sights and sounds you can see there!

Friday 28st June 2013
