

Challenge Week!

This week the children have loved taking part in so many different challenges such as trying to make a boat from the best possible materials and testing to see if it floated, making a spaghetti tower, a Humpty Dumpty challenge, a crossing the river challenge, lots of different maths challenges and all sorts of different word search challenges. It has been great fun and the children have used their thinking skills very well.

Reception JTLYK Hazel & Willow

Healthy Week

We are looking forward to Healthy week. Children should come to school in PE kit every day next week please. They will be taking part in lots of different activities such as healthy cooking, playing parachute games Boogie Pumps, skipping workshops, etc. We will be talking to the children about how important it is to have a healthy lifestyle.

Butterflies

The school butterflies emerged at half term so we released Hazel Class butterflies at school and we had lots of 'painted ladies' flying around the playground. Thank you to Ben Perry's Mum who looked after and released Willow Class's butterflies and sent some lovely photos.
