

JUST TO LET YOU KNOW

CURRICULUM NEWS

Maths

This week in maths we have been looking at multiplication! We have been revising the grid method for one digit by two digit multiplication. We moved on to looking at the relationship between multiplication and division and finished off the week by solving word problems.

Literacy

VE day has been the focus of our literacy lessons this week. The children have learnt about the events of VE day, watched original footage of the celebrations and read newspaper reports from the time. Later on in the week the children began to plan their own newspaper article retelling the events of the day.

The Tea Party

A huge thank you to everyone who baked a cake, lent us crockery or supported an older person to attend the event. It was a super afternoon and the children really enjoyed hearing stories from the war as well as sharing their songs and dance routine.

Reminders and Notices

Sleepover this Friday!

We are all really excited for the Sleepover this Friday. A parent mail has been sent out this week with a kit list. Please could you drop off your child's belongings in their classroom at some point in the morning. We will be meeting at **Newlands Corner** at **9:30 am**. Please make sure that your child has a water bottle, sun cream and their packed lunch in a backpack. Thank you so much for signing up to help at different times of the day. This will make the whole day run smoothly.

If you have any questions please do not hesitate to contact your class teacher.
