

Move Up Days to Juniors

Please remember that for those moving up to Holy Trinity there will be two move up days on **Thursday 23rd and Friday 24th.**

Children will need to be dropped off to Holy Trinity in the morning at 8:40am and picked up from there in the afternoons at 2:40pm. There is also a parent meeting at HT at 7pm on Thursday 23rd June,

Children will be spending time with the whole of the new Year 3, with children from other schools joining HTPD too. They will meet the Year 3 teachers, and get to know the school really well over the two whole days. The Year 2 team will be around at HT, looking after the current Year 3.

Friday 17th June 2016

Wire Coat Hangers!

If you have a spare one at home please send it in. We need the very thin bendy kind (the type often used by dry cleaners).

Thank you!

Natural History Museum

We had a fantastic day out on Tuesday and thank you so much to our grown ups who came along!

(If you have any photographs of the trip could you please e mail them to us, please. Many thanks!)

We have all be talking about what we would like our own dinosaur museum to look like and the children have come up with some super and creative ideas. Our Dinosaur Museum at Pewley will be on Friday 8th July in the morning—pop the date in the diary, we hope you can make it!

Maths

This week we have been learning about capacity—measuring in millilitres, centilitres and litres (ml, cl and l), and thinking about the most appropriate measure for different things (a drink, or a fish tank, for example). Try measuring in ml using a measuring jug at home, to find out how much liquid different containers around the home can hold.

English

The children have really enjoyed writing about their trip to the museum, and have written stories, imagining what adventures could happen inside the museum, if the exhibits came to life at night.

Homework :)

This week we would love children to practise their 2, 3 and 5 times table facts at home. We will be practising these in school too!
