

Topic fun

This week we set off to explore destinations of our own choice. There have been some wonderful artefacts brought in from all over the world - thank you! The children have obviously enjoyed collecting lots of facts and photos which they have been using to make travel magazines this week. Next week we are off to Africa so please send in any interesting artefacts that you would like to share with us.

Spellings

This week we have been learning words ending in 'ed' that sound like 't' eg. stamped, fetched, trapped, brushed, dripped, flicked, tricked, clipped. Remember the golden rule when using this suffix - there should be two consonants before the 'ed' so that the sound of the word doesn't change.

Maths Corner

We have been learning to double numbers and have looked at what is twice as much and how to share amounts equally. Please help your child to count in 2's up to 50, and in 5's over 100. This is an essential and very useful skill that your child needs to use. Some of us have had a go at multiplying by bigger amounts. We have also tackled some word problems.

Things to remember...

Parents Evening

We are looking forward to meeting with you again next week. If you have not had an appointment for a consultation **please let us know.**

Comic Relief - We would love to see some baking videos, please send them in next week!. Thank you for your generous donations. We made yummy red nose biscuits and ate them at snack time today Watch out for the results in the school recipe book!

Round the world..

Have a look at some children's magazines or newspapers. Imagine you are a journalist and have a go at writing your own article. You could "publish" it on the computer and get other members of your family to write articles too! Don't forget to use some pictures and check your work really carefully for capital letters and full stops. Can you use a comma?

I'm bored box.

Can you find some music that you would like to listen to either on your journey to, or whilst you are visiting, your country? It might be some sunbathing music, a hill climbing march or something to help you learn a local dance!
